**2009 -
2014**

High School

Yeshivat "Abir Yaakov" . Computer Science trend.

Military Service

**2015 -
2018**

Rifleman

Unit commander radio-signal contact

Kfir Bridage, Sayeret "Haruv", 07 certifiend.

I took care of proper and quality communication between the unit commander and the other officers in the unit, and also with other units.

This work required a lot of loyalty, independence and responsibility.

Projects

Minesweeper - implements with java, JFX.

Shell - implements with C , running on UNIX OS

Restaurant managment - implements with c, using memory allocation's , linked-lists, structs, pointers , and files.
